

Car Wash

– CASE STUDY

THE CLIENT

Car Wash Palace

- Puget Sound Area, WA

THE NEED

Car Wash Palace operates 4 locations in the Puget Sound Area of Washington State. As an environmentally conscious company, they sought to save energy while addressing concerns about safety and approachability at night.

THE SOLUTION

Retrofit existing vapor tight fixtures using NEXTLamps to save energy while increasing the illuminance, light quality and vitality of the spaces.

THE RESULT

40% energy savings
30% increase in
illuminance.
2-year payback
